

It seems so long since I last wrote a newsletter and I hope this finds you all well. It has been a strange and frightening time and we all hope the worst is now behind us.

I was deeply saddened to think we will no longer have the contribution of Alistair Fraser-Moodie, he was a loyal choir member, a truly unique character and a good friend to many. We will acknowledge him at our first full concert by dedicating all proceeds to the Air Ambulance in his name. This was a cause that was very dear to him and it is ironic they they transported him on his final journey.

Covid has had massive implications for the Choir and we face changes in the short term, but hope to get back to 'normal' as soon as we possibly can.

Last week, David kindly invited all the officers to his beautiful garden for a socially distanced meeting to try and find a way we could still enjoy our choir in the interim. He has compiled a questionnaire which I hope you will take a look at and if you feel it is something you would like to still participate in, please could you complete it, print it and let me have it back by post so we are able to collate all the answers and find a way forward.

Our main hurdle before we are able to do anything else is to form a new committee. Currently this is what we have, as you can see we have several vacancies which we need to fill.

Please don't put your name forward for committee unless you are happy to take responsibility for a job. When we are back to normal, this is a 12 month commitment. It takes this long it takes to plan the concert! Currently some of these jobs will not be a working post, but, if and when we can restart, it is important we have someone committed to take them on.

We have traditionally met for committee meetings once every month, these are held at the Royal Derby Hospital in the early evening. We expect you to make yourself available to attend 10/12 meetings in the year. Committee member retire and are eligible to stand for re election, should they wish, every three years.

Take care and stay safe.
